PROFICIENT IN HTML5, CSS3, JAVASCRIPT, VUE JS, VUEX, REACT JS AND REDUX

Hello! I am a junior front-end developer and UI/ UX designer. I have on actual coding of user interface designs and user experience designs. I started tech with voluntary and part time positions. I have been developing professionally about 2 years now and I have acquired practical skills with interesting web technologies, tasks and people during my work experience. I love what I do and I am constantly learning new ways to improve my skills.

PROFESSIONAL BACKGROUND

Junior Frontend Dev Vexta Technologies

2022
Internship

Implemented visual and interactive elements that users engage with through their web browser. And translating UI/UX design wireframes to actual code that will produce visual elements of the application.

UI/UX Designer Vexta Technologies

2020 – 2021
Part Time

Collected, researched, investigated and evaluated user requirements to deliver an outstanding user experience providing an exceptional and intuitive application design.

Graphic Designer Freelance

2018 – Present
Freelancing

With the assistance of powerful images, colors and layout, I have created and delivered strong messages for clients to their potential customers through graphics for purposes of advertising, sales and promotions.
